

Staff ICT Acceptable Use Policy 2026/27

As a professional organisation with responsibility for children's safeguarding it is important that all staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using Information Communication Technology - both the school systems and personal mobile technology and social media use, they are asked to read and sign this Acceptable Use Policy.
